product code: H01B

**BASIC-TIM**

- maximum load: 115 kg • tiltable and removable footrests with adjustable length • tiltable armrests

STEEL WHEELCHAIRS

product code: H011

**CLASSIC-TIM**

- maximum load: 115 kg (up to size 48 cm) or 135 kg (size 51 cm) • tiltable and removable footrests • tiltable armrests • cushion included • user belt • quick-release • available with brakes for the attendant and adjustable angle footrests

STEEL WHEELCHAIRS

product code: FS 681

**COMFORT-TIM**

- maximum load: 100 kg • removable sanitary container - toilet function • steel frame • steel handrims • tiltable and removable footrests • tiltable armrests

STEEL WHEELCHAIRS

product code: K7

**BIG-TIM**

- maximum load: 225 kg • double crossbar • detachable armrests • tiltable and removable footrests with length adjustment • steel frame • center of gravity adjustment on front wheels • anti-tip wheels

STEEL WHEELCHAIRS

product code: SIMPLE-TIM

**SIMPLE-TIM**

- maximum load: 115 kg • folding backrest • quick-release • tiltable and removable footrests • removable and breathable soft upholstery • tiltable armrests • user belt • attendant brakes • center of gravity adjustment on front and rear wheels

ALUMINUM WHEELCHAIRS

product code: TGR-R WA C2600

**PREMIUM-TIM**

- maximum load: 115 kg • folding backrest • double crossbar • removable and breathable upholstery • tiltable and removable footrests • tiltable armrests • cushion included • user belt • anti-tip wheels • quick-release • attendant brakes • available with headrest

ALUMINUM WHEELCHAIRS

product code: T101

**EVERYDAY-TIM**

- maximum load: 125 kg • folding backrest • double crossbar • tiltable and removable armrests and footrests • cushion included • anti-tip wheels and reflectors • user belt • quick-release • attendant brakes • aluminum frame • center of gravity adjustment on front and rear wheels

ALUMINUM WHEELCHAIRS

product code: EXCLUSIVE-TIM LIGHT

**EXCLUSIVE-TIM LIGHT**

- maximum load: 120 kg • folding backrest • anti-tip wheels and reflectors • removable and breathable upholstery • tiltable and removable footrests • adjustable armrests • quick-release • user belt • aluminum frame • attendant brakes • center of gravity adjustment on front wheels • ultralight

ALUMINUM WHEELCHAIRS

product code: ALH 008

### STABLE-TIM

- maximum load: 120 kg (for size 50 cm), 100 kg (for size 43, 46 cm)
- attendant brake (drum brake system) • double crossbar • anti-tip wheels and reflectors • 4-point user belt • removable upholstery • tiltable and removable footrests • center of gravity adjustment on front wheels • headrest • tilt angle adjustment from 0 to 90°

#### SPECIAL WHEELCHAIRS

product code: FS 7962L

### SHOWER-TIM

- maximum load: 100 kg • folding footrest • brakes • tiltable armrests
- rust and corrosion-resistant aluminum frame • U-shaped seat with water drainage holes for easier hygiene

#### SHOWER WHEELCHAIRS

product code: D130AL

### ELECTRIC-TIM I

- maximum load: 115 kg • electromagnetic brakes • energy-efficient and powerful motor • removable upholstery • joystick control • anti-tip wheels • foldable aluminum frame and backrest • range up to 20 km • large wheels with manual control option

#### ELECTRIC WHEELCHAIRS

product code: POWER-TIM

### POWER-TIM

- maximum load: 130 kg • electromagnetic brakes • energy-efficient and powerful motor • removable breathable upholstery • cushion included • attendant joystick • anti-tip wheels • foldable aluminum frame and backrest • caregiver controller • module with lamp and USB port • range up to 25 km

#### ELECTRIC WHEELCHAIRS

product code: FS 692

### TRANSPORT-TIM

- maximum load: 100 kg • transport and toilet function • 4 swivel wheels with brakes • sanitary container • soft padded seat • tiltable and removable footrests • tiltable armrests • can be used over a toilet

#### TRANSPORT / TOILET WHEELCHAIRS

product code: MASTER-TIM PLUS

### MASTER-TIM PLUS

- maximum load: 150 kg • transport, toilet, and shower function • 4 swivel wheels with brakes • sanitary container • tiltable and removable footrests • tiltable armrests • can be used over a toilet • seat with wedge • seat tilt adjustment with backrest • headrest

#### TRANSPORT / TOILET / SHOWER WHEELCHAIRS

product code: D130HL

### ELECTRIC-TIM II

- maximum load: 115 kg • electromagnetic brakes • energy-efficient and powerful motor • removable upholstery • joystick control • anti-tip wheels • foldable aluminum frame and backrest • range up to 20 km

#### ELECTRIC WHEELCHAIRS

product code: MOBIL-TIM (PLUS)

### MOBIL-TIM

- maximum load: 136 kg • transport function • attendant brakes • foldable steel frame • tiltable armrests • safety belt • folding footrest • compact when folded • also available in black, with a carrying handle (PLUS)

#### TRANSPORT WHEELCHAIRS

product code: TGR-R RT 892G

**MONA**

- maximum load: 110 kg • full rubber 8" wheels • height-adjustable handles • anatomical grips • zippered bag • practical basket with removable tray

**STEEL ROLLATORS**

product code: TGR-R RS 881

**DAISY**

- maximum load: 135 kg • full rubber 8" wheels • height-adjustable handles • anatomical grips • folding button • practical basket • cane holder • seat with removable tray

**STEEL ROLLATORS**

product code: TGR-R RA 885

**ALINA**

- maximum load: 130 kg • height-adjustable handles and seat • anatomical grips • under-seat bag • cane holder

**ALUMINUM ROLLATORS**

product code: RANGER

**RANGER**

- maximum load: 136 kg • large pneumatic 12" wheels • height-adjustable handles • reinforced crossbar construction • cup holder • ultracompact when folded • cane holder • kerb climber

**ALUMINUM ROLLATORS**

product code: TGR-R RA 882

**VICTORIA**

- maximum load: 110 kg • height-adjustable handles • anatomical grips • practical basket with adjustable position - front or center • cane holder

**ALUMINUM ROLLATORS**

product code: TGR-R RA 883

**YOLA**

- maximum load: 130 kg • height-adjustable handles • anatomical grips • reinforced crossbar construction • zippered bag • cane holder • ultracompact when folded • also available in orange and green

**ALUMINUM ROLLATORS**

product code: TGR-R RA 888

**LUCY**

- maximum load: 110 kg • height-adjustable handles • anatomical grips • practical basket • cane holder • foldable leg support • reversible backrest • transport function

**ALUMINUM ROLLATORS**

product code: CARBON

**CARBON**

- maximum load: 100 kg • height-adjustable handles and seat • anatomical grips • under-seat bag • cane holder • ultracompact when folded • reflectors on handles for increased safety

**ALUMINUM ROLLATORS**

product code: TGR-R RS 8812

### ANNA

- maximum load: 100 kg • four wheels with brakes • adjustable support height • IV stand holder • foam grips • removable seat

#### STEEL ROLLATORS

product code: PAULA

### PAULA

- maximum load: 180 kg • two wheels with brakes • wide range of height adjustment • solid handgrips

#### STEEL ROLLATORS

product code: FS 914L

### LINDA

- maximum load: 100 kg • lightweight two-wheel design • height-adjustable legs • foam grips • wide seat

#### ALUMINUM ROLLATORS

product code: RAPID

### RAPID

- maximum load: 136 kg • height-adjustable handles • anatomical grips • zippered bag • lightweight three-wheel design • reflectors for increased safety

#### ALUMINUM ROLLATORS

product code: HUGO

### STATIC WALKER

- maximum load: 136 kg • double-reinforced frame • adjustable height • folding function • legs with anti-slip rubber tips • solid handgrips

#### WALKERS

product code: JMC-C 3222

### THREE-FUNCTION WALKER

- maximum load: 136 kg • static and walking function • adjustable height • folding function • rear legs with anti-slip rubber tips • front legs with tips or 5" wheels (included) • solid handgrips • also available in copper color

#### WALKERS

product code: JMC-C 3223

### FOUR-WHEELED WALKER WITH BRAKES

- maximum load: 136 kg • adjustable height • folding function • front legs with 5" wheels with brakes • rear legs with wheels or tips (included) • solid handgrips • additional parking brakes • also available in copper color

#### WALKERS

product code: JMC-C 2680SL

### TRIPOD CANE

- maximum load: 100 kg • soft foam grip • base with three legs and rubber tips • chromed and height adjustable shaft • ergonomic handle

#### AIDS

product code: JMC-C 2670SL  
JMC-C 2660SL

### QUAD CANE

- maximum load: 100 kg • foam or plastic grip • base with four support points and rubber tips • chromed and height adjustable shaft
- available with high or low base • ergonomic handle

AIDS

product code: JMC-C 2040-2049

### ELBOW CRUTCH

- maximum load: 115-135 kg • properly matched elbow angle • lightweight anodized aluminum shaft with rubber tip • solid grip • ergonomic shape • also available in a children's version (JMC-C 2047)
- wide color selection

AIDS

product code: WalkTim

### ELBOW CRUTCH WITH OPEN CUFF

- maximum load: 136 kg • lightweight aluminum shaft with rubber tip
- wide range of adjustment • foam grip • open cuff • two-stage adjustment - upper and lower part of the crutch

AIDS

product code: ELEGANT

### CANE

- maximum load: 136 kg • lightweight aluminum shaft with rubber tip
- hand strap • ergonomic rubber grip • reflector for improved safety
- height adjustment • also available in silver color

AIDS

product code: TempoTIM Plus  
TempoTIM

### PEDAL EXERCISER

- foldable, easy to transport and store • rotating anti-slip tips for maximum stability • resistance adjustment knob • powder-coated steel frame • rubber foot straps • available with or without counter

REHABILITATION EQUIPMENT

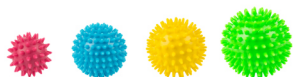

product code: DualTIM

### ARM AND LEG PEDAL EXERCISER

- 2 in 1 - interchangeable handles for upper limb rehabilitation • foldable, easy to transport and store • anti-slip tips for maximum stability • resistance adjustment knob • powder-coated steel frame • rubber foot straps • counter included

REHABILITATION EQUIPMENT

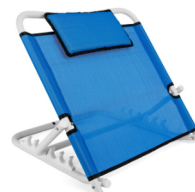

product code: SPIKY

### REHABILITATION BALL WITH SPIKES

- available in various hardnesses and sizes • the spikes stimulate sensory receptors, improve prehensile hand function and motor coordination • used in post-traumatic rehabilitation, massage, and acupressure

REHABILITATION EQUIPMENT

product code: JMC-C 7000  
BackTim

### BACK REST

- 5-stage backrest angle adjustment • detachable head cushion • breathable material • stable and durable steel frame covered with white enamel • also available with armrests (BackTim)

AIDS

product code: TGR-R KT 023B

### FOLDING TOILET CHAIR

- foldable steel frame, powder-coated
- board with lid
- height-adjustable legs with rubber tips
- sanitary container with lid
- folding function for transport
- maximum load: 120 kg

TOILET AIDS

product code: KING-12FA-20

### TOILET SEAT WITH SIDE HANDLES

- modern fixing system
- flip-up armrests
- notch in the front part
- fits most toilets
- resistant to stains and smells
- height: 12 cm
- maximum load: 130 kg

TOILET AIDS

product code: KING-15L-20  
KING-10L-20

### TOILET SEAT WITH LID

- durable and resistant material
- modern fixing system
- notch in the front part
- anti-slip protection
- fits to most toilet bowls
- stain and odor resistant
- height: 10 or 15 cm
- maximum load: 250 kg

TOILET AIDS

product code: JMC-C 5300KD

### TOILET SAFETY RAIL

- made of ultralight aluminum
- legs with anti-slip rubber tips
- adjustable width and height
- maximum load: 100 kg

TOILET AIDS

product code: KING-BSB-20

### BATH BENCH WITH BACK REST

- aluminum frame
- width adjustment
- anti-slip tips
- moisture resistant
- seat with drainage hole
- maximum load: 120 kg

BATH AIDS

product code: FS 794L-1

### BATH BENCH

- aluminum frame
- width adjustment
- anti-slip rubber tips
- moisture resistant
- seat with drainage holes
- rubber safety elements
- easy assembly without tools
- maximum load: 100 kg

BATH AIDS

product code: JMC-C 54012-32

### BATH GRAB BAR

- steel frame with protective coat
- moisture resistant
- vertical or horizontal assembly
- available lengths: 30-80 cm
- maximum load: 100 kg

BATH AIDS

product code: JMC-C 5105

### WALL-MOUNTED SHOWER STOOL

- fixed to the wall
- moisture resistant
- foldable aluminum construction
- wide seat with drainage holes
- height-adjustable legs
- anti-slip rubber tips
- maximum load: 136 kg

BATH AIDS

product code: TGR-R KP 355L

### SHOWER CHAIR WITH BACKREST AND HANDLES

- aluminum frame • wide seat with drainage holes • height-adjustable legs • moisture resistant • backrest and side handles at the seat • easy assembly without tools • anti-slip rubber tips • maximum load: 136 kg

#### BATH AIDS

product code: TGR-R KP-O 5021

### ROTATING SHOWER STOOL

- aluminum frame • height-adjustable legs • anti-slip rubber tips • moisture resistant • easy assembly without tools • maximum load: 110 kg

#### BATH AIDS

product code: TGR-R KP 340L

### SHOWER STOOL

- aluminum frame • wide seat with drainage holes • side handles at the seat • height-adjustable legs • anti-slip rubber tips • moisture resistant • easy assembly without tools • maximum load: 136 kg

#### BATH AIDS

product code: TableTIM

### BEDSIDE TABLE

- steel frame • adjustable top • additional frame that prevents objects from sliding off • wheels with brakes • maximum load: 10 kg

#### BEDSIDE TABLES

product code: DREAM-TIM  
DREAM-TIM PLUS  
DREAM-TIM MAX

### REHABILITATION BED

- precise and durable actuators from the German company Dewert • 4-part wooden or metal bed frame (PLUS) • anti-Trendelenburg function and extension arm as standard • option of built-in bed tops • height adjustment range 38.6 - 80.6 cm • **also available in sonoma color and bariatric version (up to 270 kg)**

#### ELECTRIC REHABILITATION BEDS

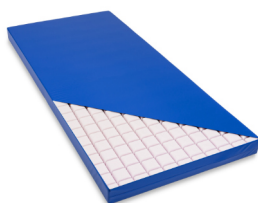

product code: DREAM-TIM LOW

### LOW REHABILITATION BED

- precise and durable actuators from the German company Dewert • 4-part wooden bed frame • anti-Trendelenburg function and extension arm with handle as standard • option of built-in bed tops • height adjustment range 19.2 - 61.2 cm • aesthetic finish in light wood color

#### ELECTRIC REHABILITATION BEDS

product code: MAT-GOF

### GOFER TYPE MATTRESS

- maximum load: 100 kg • polyurethane foam • cover made of moisture-permeable fabric • washable at high temperature • zippered

#### MATTRESSES

product code: MAT-ZM / R-BAW

### HOSPITAL MATTRESS

- maximum load: 120 kg • polyurethane foam • zippered • cover made of moisture-permeable and washable fabric (MAT-ZM) or cotton (R-BAW)

#### MATTRESSES

product code: TGR-Y MB 001-1

### ANTI-DECUBITUS BUBBLE MATTRESS WITH PUMP

- maximum load: 135 kg • made of durable PVC • bubble structure
- dimensions: 200 x 90 x 7 cm

#### ANTI-DECUBITUS MATTRESSES

product code: TGR-Y MR 001-2

### ANTI-DECUBITUS STRIP MATTRESS WITH PUMP

- maximum load: 130 kg • made of durable PVC • tubular structure
- cover and spare chamber included • dimensions: 200 x 87 x 11 cm

#### ANTI-DECUBITUS MATTRESSES

product code: TGR-Y MR 001-3

### ANTI-DECUBITUS STRIP MATTRESS WITH PUMP

- maximum load: 140 kg • made of durable PVC • tubular structure
- three-way flow • cover and spare chamber included • CPR function
- microventilation • dimensions: 200 x 90 x 11 cm

#### ANTI-DECUBITUS MATTRESSES

product code: RELAX

### GERIATRIC LIFT CHAIR

- maximum load: 130 kg • electric control using a remote • dual drive - multiple settings
- **lifting function for easier rising** • transport wheels • pocket for the remote and small items • USB port for charging

#### ARMCHAIRS

product code: TGR-R PP 474

### ANTI-DECUBITUS CUSHION

- moisture-permeable cover • memory foam • self-inflating system • belt with buckle for cushion fixing • depth: 40 cm • height: 8 cm
- available widths: 43 cm, 46 cm • maximum load: 150 kg

#### ANTI-BEDSORE CUSHION

product code: BUBBLE EXCLUSIVE

### ANTI-DECUBITUS CUSHION

- moisture-permeable cover with carrying handle • additional velcro strips for securing the pillow to the seat • pump included • multi-chamber system provides proper body balance and comfort
- dimensions: 41 x 46 x 7 cm • maximum load: 143 kg

#### ANTI-BEDSORE CUSHION

product code: BUBBLE EXPERT

### ANTI-DECUBITUS CUSHION

- moisture-permeable cover with carrying handle • additional velcro strips for securing the pillow to the seat • self-inflating system • multi-chamber system provides proper body balance and comfort
- dimensions: 46 x 38 x 4 cm • maximum load: 120 kg

#### ANTI-BEDSORE CUSHION

product code: BUBBLE ROLL

### PATIENT TURNING PILLOW

- anti-slip cover with side handles for patient rotation • pump included
- adjustable firmness and anatomical shape ensure high comfort
- dimensions: 55 x 41 x 16 cm

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: SVP 2401 / 2402

### ELBOW OR HEEL PROTECTOR

- breathable synthetic fabric
- covered with velour
- proper moisture wicking
- available with an additional buckle
- universal size
- 2 pieces in a set

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: STMK 6800

### PATIENT TRANSFER KIT

- set includes: dvd with instructional videos, four patient transfer belts (TMT 6500/12/13/20), turntable, rotating pillow, sliding sheet, and patient transfer board

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: SVC 2500 / SVC 2510

### PROTECTIVE GLOVE

- made of velour and mesh
- easy and quick adjustment
- velcro and metal buckle fastening
- available sizes: M, L
- packed individually

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: TTE 6100 - TTE 6122

### TUBULAR SLIDE SHEET FOR BED

- good sliding properties
- sewn in a sleeve form
- durable, highly tear and stretch-resistant material
- available sizes: 72 x 71 cm, 122 x 71 cm, 122 x 100 cm, 200 x 90 cm
- maximum load: 150 kg

#### PATIENT IMMOBILIZATION AND TRANSFER

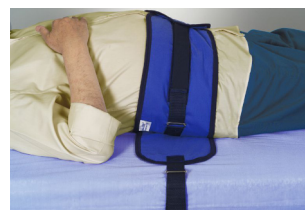

product code: SCP 4200M / 4200L

### ABDOMINAL AND TRUNK STABILIZER

- fluid-resistant fabric
- prevents the user from sliding
- fastened with buckles and velcro
- adjustable length
- available sizes: M (100-140 cm), L (120-165 cm)

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: SCP 4500

### ABDOMINAL BELT

- fluid-resistant fabric
- attaches to the bed frame with a buckle and velcro
- adjustable length
- universal size (length: 84-105 cm)

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: SVC 2476XL

### WRIST OR ANKLE BELT

- soft, foam material friendly to the skin
- cotton inner part
- with metal buckle
- velcro fastening
- universal size
- 2 pieces in a set

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: TMT 6511/12/13

### PATIENT TRANSFER BELT

- made of reinforced non-slip fabric
- solid handles and buckle fastening
- adjustable length
- width: 14 cm
- length: S (60-90 cm), M (80-120 cm), L (90-140 cm)

#### PATIENT IMMOBILIZATION AND TRANSFER

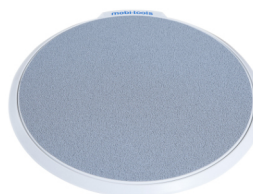

product code: TMG 6405

### PATIENT TRANSFER BOARD

- with handle
- reduces the caregiver's effort
- two longitudinal grooves allow for shape modification of the board
- available size: 68 x 33 x 0.6 cm
- maximum load: 135 kg

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: TMT 6550

### ROTATING DISK

- non-slip surface
- high durability
- provides smooth and safe patient rotation
- diameter: 42 cm

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: TMT 6555

### ROTATING CUSHION

- soft material on top
- non-slip bottom
- diameter: 40 cm
- facilitates patient repositioning
- relieves the caregiver's spine

#### PATIENT IMMOBILIZATION AND TRANSFER

product code: 8F-5A

### OXYGEN CONCENTRATOR

- oxygen flow regulation: up to 5 liters
- LCD display
- alarm systems
- remote control
- compact dimensions and low weight
- quiet operation
- usage time measurement
- filters included

#### OXYGEN CONCENTRATORS

product code: 8F-8

### OXYGEN CONCENTRATOR

- oxygen flow regulation: up to 8 liters
- alarm systems
- low energy consumption
- easy to operate
- filters included
- solid and stable construction

#### OXYGEN CONCENTRATORS

product code: 8F-10

### OXYGEN CONCENTRATOR

- oxygen flow regulation: up to 10 liters
- alarm systems
- low energy consumption
- easy to operate
- filters included
- solid and stable construction

#### OXYGEN CONCENTRATORS

product code: 7E-C

### ELECTRIC SUCTION DEVICE

- small size and weight
- low noise level
- precise and safe suction
- bottle capacity: 1000 ml
- mains supply

#### ELECTRIC SUCTION DEVICES

product code: 7E-G

### ELECTRIC SUCTION DEVICE

- small size and weight
- low noise level
- precise and safe suction
- bottle capacity: 1000 ml
- powered by AC/DC
- built-in battery - up to 30 minutes of operation

#### ELECTRIC SUCTION DEVICES

product code: 7A-23D

### TRANSPORTABLE ELECTRIC SUCTION DEVICE

- equipped with a vacuum control system • safe and reliable • wheels for easy transportation • quiet operation • equipped with two bottles - each with a capacity of 2500 ml • manual and foot switch

#### ELECTRIC SUCTION DEVICES

product code: 7E-B5

### PORTABLE ELECTRIC SUCTION DEVICE

- small size and weight • low noise level • precise and safe suction • powered by AC/DC • modern design • collection container: 1000 ml • flow rate up to 32 l/min

#### ELECTRIC SUCTION DEVICES

product code: 7B-1

### HAND SUCTION DEVICE

- cover and catheters included • ensures fast suction • ideal for travel • collection container: 200 ml

#### MANUAL SUCTION DEVICES

product code: BM 1000C

### FINGER PULSE OXIMETER

- dedicated mobile app • bluetooth function • compact and easy to use • lanyard included

#### PULSE OXIMETERS

product code: 405B

### AIR-COMPRESSING NEBULIZER

- light and compact • quiet and smooth operation • modern design • mouthpiece, child and adult mask included

#### INHALERS / NEBULIZERS

product code: M102

### MESH NEBULIZER

- pocket size • ultra-quiet • can operate wirelessly (powered by two AA batteries) • made with innovative mesh technology • set includes: cover, USB power cable, mouthpiece, child and adult mask

#### INHALERS / NEBULIZERS

product code: YE660D

### ARM BLOOD PRESSURE MONITOR

- large, easy-to-read display • memory for up to 90 results • detects arrhythmia and measurement abnormalities • modern design • averages the last three measurements • set includes: cover, cuff, USB power cable, and four AA batteries

#### BLOOD PRESSURE MONITORS

product code: 03.02.2008

### ANEROID BLOOD PRESSURE MONITOR WITH STETHOSCOPE

- large, easy-to-read scale • resistant to mechanical damage • elegant finish

#### BLOOD PRESSURE MONITORS

product code: YT-1

### NON-CONTACT THERMOMETER

- precise measurement • vibration and sound alarm • measurement distance indicator and battery level indicator • backlit screen • lightweight and portable • storage case included

#### THERMOMETERS

product code: YHT101

### INFRARED EAR THERMOMETER

- precise measurement • vibration and sound alarm • screen backlight • lightweight and portable • memory of last measurements • automatic shut-off function • storage case included

#### THERMOMETERS

product code: YH-550

### AUTO CPAP SLEEP APNEA TREATMENT DEVICE

- CPAP/APAP mode • built-in heated humidifier • Wi-Fi function - remote therapy data reading • ultra-quiet air circulation system • efficient motor • dedicated app • data saved on included micro SD card • simple and convenient operation

#### SLEEP APNEA TREATMENT

product code: YH-480

### AUTO CPAP SLEEP APNEA TREATMENT DEVICE

- CPAP/APAP mode • **heated tube included** • Wi-Fi function - remote therapy data reading • intelligent humidification • color display • ultra-quiet air circulation system • efficient motor • dedicated app • data saved on USB memory • simple and convenient operation

#### SLEEP APNEA TREATMENT

product code: YN-03

### NASAL MASK

- fits most CPAP/BIPAP devices • airtight, lightweight, and soft • special design reducing face pressure • flexible silicone cushion • quick-connect • smooth and quiet operation

#### SLEEP APNEA TREATMENT

product code: YF-02

### FULL-FACE MASK

- fits most CPAP/BIPAP devices • airtight, lightweight, and soft • special design reducing face pressure • flexible silicone cushion • quick-connect • smooth and quiet operation

#### SLEEP APNEA TREATMENT

product code: B-Spiro Tribal

### SPIROBALL

- lung exercise for children and adults • volume markings on chambers • compact, made of high-quality plastic • has an air filter • easy-to-clean mouthpiece

#### SLEEP APNEA TREATMENT

product code: SDP-330

### TENS NERVE AND MUSCLE STIMULATOR

- built-in rechargeable battery, charged via micro USB • compact size • 9 operating modes • 10 intensity levels • used in pain therapy

#### ELECTRICAL MUSCLE STIMULATION

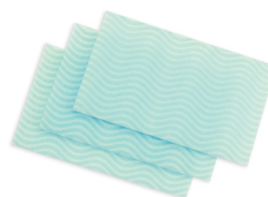

product code: ZARYS

### CLEANET PLUS WIPES

- neutral pH • made of 100% polyester fibers • double-sided saturated • product with added aloe and chamomile • dimensions: 12x20 cm • pack of 10 pcs

PATIENT HYGIENE

product code: ZARYS

### HIGIEMED WIPES

- neutral pH • soft and flexible • slightly rough massaging surface • pack of 20 pcs

PATIENT HYGIENE

product code: ZARYS

### GANTNET WIPES

- in glove form • neutral pH • soft and gentle washing surface • made of 100% polyester fibers • single-sided saturated • tear-resistant • pack of 10 pcs

PATIENT HYGIENE

product code: ZARYS

### SPONGE APPLICATOR

- moisturizes and helps maintain proper oral care • sponge made of polypropylene • latex and phthalate-free • pack of 50 pcs

PATIENT HYGIENE

product code: MED-MB52 COCO

### COCO DERMOBANO WIPES

- product with coconut gel • dermatologically tested • leaves a delicate protective and caring layer on the skin • pack of 10 pcs

PATIENT HYGIENE

product code: EASY SHOWER

### HEAD WASH BASIN WITH SHOWER

- water drainage hole • double air chambers • tank capacity up to 8 liters • shower, pump, and drain hose included

PATIENT HYGIENE

product code: HJM-SO

### SUCTION TOOTHBRUSH

- made of soft bristles • connector for controlled suction • helps maintain proper oral care

PATIENT HYGIENE

product code: MED-BM500/750

### BODY LOTION

- supports skin regeneration • nourishes, improves elasticity, and moisturizes • ideal for dry and sensitive skin • selected ingredients • available sizes: 500 ml, 750 ml

PATIENT HYGIENE

product code: WB-ICP-100 NW

### ICE PACK - NON-WOVEN PACKAGING

- activated by pressure
- works for 20 to 40 minutes
- does not require refrigeration
- made of non-woven fabric

#### HEAT AND COLD THERAPY

product code: WB-ICP-100 TNT

### ICE PACK - TNT PACKAGING

- activated by pressure
- works for 20 to 40 minutes
- does not require refrigeration
- made of polypropylene non-woven fabric

#### HEAT AND COLD THERAPY

product code: WB-804/-NT-630/-600

### HOT AND COLD PACK

- gel-filled
- heat or cold therapy
- durable nylon outer material
- pleasant to the touch
- effective in reducing pain
- available in three versions: knee, shoulder, and universal

#### HEAT AND COLD THERAPY

product code: MEDILAB-AHD1000

### HAND AND SKIN DISINFECTANT

- alcohol-based preparation for hygienic and surgical disinfection
- added moisturizing substances
- free of dyes and allergens
- broad-spectrum biocidal effect in 1 min.
- available sizes: 250 ml, 1 l

#### DISINFECTION

product code: ZARYS

### NITRILE DIAGNOSTIC GLOVES

- universal shape for left and right hand
- textured fingertips
- rolled cuff for easy donning

#### GENERAL MEDICINE

product code: BIP-1003XX

### BIP FOLEY CATHETER 100% SILICONE WITH SILVER IONS

- made of 100% medical silicone
- special BIP (Bactiguard Infection Protection) technology
- antibacterial coating composed of gold, palladium, and silver
- sterile
- safe for use up to 90 days
- hydrogel coating on catheter surface

#### GENERAL MEDICINE

product code: ZARYS

### FOLEY CATHETER 100% SILICONE

- made of 100% medical silicone
- transparent - facilitates observation
- sterile
- flexible
- smooth, precisely shaped outer surface
- cap included

#### GENERAL MEDICINE

product code: ZARYS

### NELATON CATHETER

- resistant to twisting and bending
- slightly rounded closed tip
- end openings with smooth edges
- sterile
- sizes marked by color-coded connectors

#### GENERAL MEDICINE

product code: ZARYS

**TWO-WAY SILICONE FOLEY CATHETER**

- made of natural latex • two-way, silicone-coated • balloon easy to fill and empty, resistant to tearing • sterile, intended for single use • color-coded size marking

GENERAL MEDICINE

product code: ZARYS

**GASTRIC TUBE 100% SILICONE**

- made of 100% medical silicone • optimal softness and flexibility • depth markings confirming position • radiopaque line • sterile, single-use • tapered tip for easier insertion

GENERAL MEDICINE

product code: ZARYS

**URINE COLLECTION BAG**

- with leg mounting (without drain) or with T-type valve and drain • reinforced suspension holes • made of strong medical PVC film • effective anti-reflux valve • sterile, single-use • clear, easy-to-read scale

GENERAL MEDICINE

product code: KAMED+

**SANITARY BASIN**

- autoclave sterilizable • with cover • made of easy-to-clean material

GENERAL MEDICINE

product code: ZARYS

**JANET THREE-PART SYRINGE**

- with catheter cone • rubber plunger with double sealing • collar preventing plunger from being pushed out • clear and durable scale • sterile, single-use • three-piece

GENERAL MEDICINE

product code: ZARYS

**ENEMA BAG**

- clear and precise linear scale • available in sterile or non-sterile version • latex-free • made of medical PVC • suspension holes • available with gloves, soap, and towel

GENERAL MEDICINE

product code: KAMED+

**DRINKING CUP**

- autoclave sterilizable • made of high-quality plastic • contoured mouthpiece • scratch-resistant material • with handle

GENERAL MEDICINE

product code: KAMED+

**SANITARY POT**

- autoclave sterilizable • with handle and cap • made of easy-to-clean material

GENERAL MEDICINE

product code: ZARYS

### KIDNEY DISH

- autoclave sterilizable • made of easy-to-clean material • sizes: 20 cm, 28 cm

GENERAL MEDICINE

product code: ZARYS

### AUTOMATIC TOURNIQUET

- sterilizable by various methods • reusable • contains latex • free of phthalates • length: 112.5 cm • width: 2.5 cm

GENERAL MEDICINE

product code: CrushTIM

### PILL CRUSHER

- easy to use • lightweight and handy • allows crushing of large and hard-to-swallow tablets • reusable • ideal for travel

GENERAL MEDICINE

product code: PasteTIM

### PASTE AND CREAM SQUEEZER

- easy to use • lightweight and handy • allows complete use of tube contents • reusable • ideal for travel • improves the aesthetics of storing creams and pastes

GENERAL MEDICINE

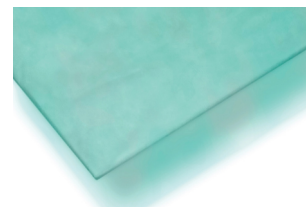

product code: PillTIM

### PILL CUTTER

- easy to use • allows easy and quick tablet cutting • reusable • portable and compact - convenient for travel • maximum tablet diameter - 1.9 cm • compartment for storing medications

GENERAL MEDICINE

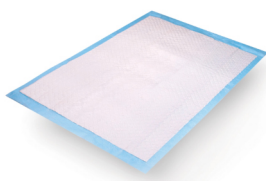

product code: ZARYS

### MEDICAL SHEET

- available in various sizes • made of breathable non-woven fabric • weights: 17, 25, 30, 31, 35, 41, 45, 60 g/m<sup>2</sup>

GENERAL MEDICINE

product code: ZARYS

### DISPOSABLE ABSORBENT PAD

- five-layered • laminated, waterproof bottom part • available sizes: 40x60 cm, 60x60 cm, 60x90 cm

GENERAL MEDICINE

product code: ZARYS

### 2-LAYER PAPER UNDERPAD

- paper (cellulose) pad • single-use • hygienic protective cover for chairs, examination beds, couches • dimensions: 60 x 80 cm, 50 x 80 cm • roll contains 210 sheets

GENERAL MEDICINE

product code: ZARYS

## MEDICAL WASTE CONTAINER

- labeled with international warning sign and user instructions
- PZH certified
- available sizes: 0.2 L / 0.7 L / 1.0 L / 2.0 L / 3.5 L

### GENERAL MEDICINE

product code: ORTO DREAM

## ORTHOPEDIC PILLOW

- made of memory foam
- soft cover with zipper
- reduces muscle tension in the neck area
- designed for people needing stable head and cervical spine support during sleep
- dimensions: 60x40x12 cm

### ORTHOPEDICS

product code: CPAP DREAM

## CPAP PILLOW

- made of memory foam
- designed for people suffering from sleep apnea using CPAP machine
- soft cover with zipper
- allows comfortable positioning of the head with the mask during therapy
- dimensions: 50x30x10 cm

### ORTHOPEDICS

product code: SPACER

## ORTHOPEDIC PILLOW FOR LOWER LIMBS

- made of memory foam
- reduces tension, pain, and fatigue in the lower limbs
- soft cover with zipper
- provides physiological joint positioning and improves circulation in the lower limbs
- dimensions: 25x20x15 cm
- recommended for pressure ulcer prevention

### ORTHOPEDICS

product code: TGR-R SK-4H

## IV STAND

- made of durable aluminum
- height adjustable
- four hooks
- wheels with brakes

### GENERAL MEDICINE

product code: TGO-C OSK 515

## ELASTIC KNEE SUPPORT

- seamless compression fabric
- heat and moisture wicking
- fits right and left limb
- available sizes: S, M, L, XL

### ORTHOPEDICS

product code: TGO-C OSS 612

## ELASTIC ANKLE SUPPORT

- seamless compression fabric
- heat and moisture wicking
- fits right and left limb
- available sizes: S, M, L, XL

### ORTHOPEDICS

product code: TGO-C SL 903

## TENNIS ELBOW BRACE

- elastic and durable material
- fits right and left limb
- adjustable compression
- silicone padding for micro-massage

### ORTHOPEDICS

product code: 7830

**CALF AND FOOT BRACE - NEURODYN COMFORT**

- easy and quick one-hand application
- thermoplastically moldable insole for shoes
- comfortable padding around the ankle
- semi-elastic eight-shaped strap
- available for right and left leg

ORTHOPEDICS

product code: 7359

**ARM AND FOREARM BRACE WITH PALM SUPPORT**

- perfect stabilization
- optimal air and moisture permeability
- with hand and thumb capture
- precise limb fit
- available for left and right hand
- lightweight
- available in two sizes (wrist circumference: 13-18 cm, 18-21 cm)

ORTHOPEDICS

product code: TGO-V AP SK-O 510

**POST-OP KNEE BRACE**

- aluminum splints with adjustable length
- fits right and left limb
- four rotating straps and silicone inserts
- ROM clock with quick locking: 0°, 15°, 30°

ORTHOPEDICS

product code: TGO-C KF 106

**SEMI-RIGID FLORIDA COLLAR**

- adjustable circumference with velcro closure
- additional PVC reinforcements
- anatomically contoured foam
- skin-friendly material
- available heights: 7.5 | 8.5 | 10 cm
- available sizes: S-XL

ORTHOPEDICS

product code: LumboTim

**LUMBOSACRAL CORSET WITH SUPPORTING STRAPS**

- elastic compression fabric
- relieving and stabilizing stays
- optimal air and moisture permeability
- tightening strap
- height suitable for lumbar spine stabilization
- available sizes: S, M, L, XL, XXL, XXXL

ORTHOPEDICS

product code: TGO-R SLK 702

**LUMBOSACRAL CORSET WITH SUPPORTING STRAPS**

- elastic compression fabric
- relieving and stabilizing stays
- optimal air and moisture permeability
- tightening strap
- height: 26 cm
- available sizes: S, M, L, XL, XXL, XXXL

ORTHOPEDICS

product code: TGO-R SLKP 703

**THORACOLUMBO-SACRAL CORSET WITH SUPPORTING STRAPS**

- elastic compression fabric
- relieving and stabilizing stays
- optimal air and moisture permeability
- tightening strap
- height: 32 cm
- available sizes: S, M, L, XL, XXL, XXXL

ORTHOPEDICS

product code: TGO-R WLKP-R 704

**THORACOLUMBO-SACRAL CORSET WITH SUPPORTING STRAPS**

- elastic compression fabric
- relieving and stabilizing stays
- optimal air and moisture permeability
- system of straps for tightening and stabilizing shoulder blades
- detachable underarm pads
- height: 32 cm
- available sizes: S, M, L, XL, XXL, XXXL
